Applicable examination for batches admitted from September 2024 onwards

Sr. No	First Internal Assessment Exam			Second Internal Assessment Exam		
	Theory	Practical	Total Marks	Theory	Practical	Total Marks
1	100	100	200	100	100	200

Sr. No	Third Internal Assessment Exam (Preliminary Examination)		Sr. No	Remedial internal assessment examination for Non - eligible students	
	Theory	Practical		Theory	Practical
1	200	100	1	200	100
		300			300

1. There will be 3 internal assessment examinations in the academic year. The structure of Preliminary examinations should be similar to the structure of University examination.

2. There will be **only one** additional examination for **absent students (due to genuine reason)** after approval by the Committee Constituted for the same. It should be taken after preliminary examination and before submission of internal assessment marks to the University.

3. First internal assessment examination will be held in three months after admission, second internal assessment examination will be held three months after first internal assessment exam and third internal assessment examination will be held one month before university exam.
4. Internal assessment marks for theory and practical will be converted to out of 100. Internal assessment marks, after Conversion, should be submitted to university.
5. The student must secure at least 50% marks for total marks (combined in theory and practical / clinical and not less than 40% marks in theory and practical separately) assigned for internal assessment in a particular subject in order to be eligible for appearing at the final university examination of that subject. Internal assessment marks will reflect as separate head of passing at the summative examination.
6. **Remedial internal assessment examination for Non - eligible students:**
 - A) Student who were not eligible due to less than 50% combined or less than 40% in any theory or practical, will re appear as repeater student for Prelim exam which will be conducted before Supplementary Exam.
 - B) This additional (Remedial) examination will be 100 marks per theory paper and practical.
 - C) For theory marks obtained out of 200 will be converted to out of 400 & marks obtained in yearly assessment out of 100 will be added to this marks, making it total marks out of 500.
 - D) For practical, marks obtained out of 100 will be converted to out of 300, marks obtained in yearly assessment out of 200 will be added to this marks, making it total marks out of 500.
 - E) Students who will not be eligible in this Remedial Examination will appear with regular batch as repeater student.
7. The internal assessment marks of the remedial examination alone shall be considered and converted into out of 100.

8. Conversion Formula for calculation of marks in internal assessment examinations

	First AI	Second AI	Third AI (Prelim)	Conti. Internal Assessment	Total	Internal assessment marks: Conversion formula (out of 100)	Eligibility to appear for final University examination	Minimum marks to be obtained to declare the final University examination result (out of 50% combined in theory and practical)
Theory	100	100	200	100	500	$\frac{\text{Total Marks}}{5}$	40	100
Practical	100	100	100	200	500	$\frac{\text{Total Marks}}{5}$	40	

9. Conversion formula for calculation of marks in Remedial internal assessment examination

	Marks Obtained Remedial Exam (Prelim)	Conversion of Marks obtained in Remedial Exam [Out of 400 Theory / Practical 300]	Continuous Internal Assessment (Y)	Int. Assess. marks conversion formula (out of 100)	Minimum marks to be obtained combined in theory and practical Candidate shall obtain 50% marks in aggregate and 60:40 (minimum) or 40:60 (minimum) in examination separately in theory and practical
Theory	X (Out of 200)	2X	Y	$(2X + Y) / 5$	
Practical	X (Out of 100)	3X	Y	$(2X + Y) / 5$	100

While preparing Final Marks of Internal Assessment, the rounding-off marks shall done as illustrated in following table
