File No:

/ Assessment No.:

Name of Course : **FIRST M.B.B.S. (CBME-2024, 2023, 2019)**Name of Subject : **BIOCHEMISTRY**Name of College : **Vilasrao Deshmukh Government Medical College, Latur**Name of University : **Maharashtra University of Health Sciences, Nashik**Place of examination : **Vilasrao Deshmukh Government Medical College, Latur**Dates of examination: **15 to 17 October 2025 (Panel 1)****27 to 29 October 2025 (Panel 2)****1. ASSESSORS**

Sl.	Name	Official address	Mobile No.	email address
1	Dr. Narayan P Suryawanshi Panel 1 Dates: 15/10/2025 to 17/10/2025	Government Medical College, Bhandara Maharashtra	9370259348	drnarayan1234@gmail.com
2	Dr. Nilima N Dongre Panel 2 Dates: 27/10/2025 to 29/10/2025	BLDEU Shri B M Patil Medical College Hospital & Research Centre, Vijayapura	9480031381	nilima.dongre@bldedu.ac.in

Assessment order / letter number:

Public Notice dated 9th February 2024 by NMC	Public Notice No. U-14021/01/2024-UGMEB Issued by UGMEB NMC on 06th February 2024
Appointment order	Ref.No. MUHS/Pract/Appt/322098/2025 Dt. 12 /09 /2024

2 REPORT OF PREVIOUS ASSESSMENT

Deficiencies pointed out in the last Assessment/ if any	Remarks
NIL	NIL

A. <u>Scheme of Examination</u>	Marks allotted	Minimum passing marks
1. Theory:		
Final examination : 200		50%
Internal assessment : 500		50%
Total for Theory : 700		50%
2. Clinical/practical:		
Final examination : 100		50%
Internal assessment : 500		50%
Total for Practical : 600		50%
3. Viva-voce:		
Final examination : 00		NA
Internal assessment : 00		NA
Total for Viva-voce : 00		NA

Minimum marks required for passing: 50 % (Theory + Practical) According to NMC & MUHS (40% individually in theory and practical)

Grand Total : 1300

B. Theory (Attach 1 copy of each of the papers) – (Annexure – I)

1. Theory paper: I & II Subject: Biochemistry Time:3 Hrs.
2. Date of exam: Paper I: 09/09/2025, Paper II : 11/09/2025
3. Place of conduct of exam. :MIMSR Medical College, Latur
4. Invigilation arrangements :Adequate as per MUHS guidelines
5. No. of candidates appeared : Regular 150 + Repeater 2 = Total 152

C. Remarks by the Assessor/s regarding:

- a) **Nature of the questions–**
Sections: - A – MCQs / Section B – SAQ and Long answers: As Per MUHS norms –
(Annexure – I)

- b) **Type of Questions – Recall based / Application based / Problem based:**
Recall based, Application based, Problem based questions.
- c) **Standard of questions - level of difficulty: Easy / Moderate / Difficult:**
Moderate but Balanced
- d) **Do they broadly cover the prescribed curriculum?**
Yes
- e) Standard of the answers: (On a scale of 10 where 0 = Very poor and 10 = Outstanding)
8
- f) Internal assessment marks (to be reviewed by the assessors) that have contributed to final examination:
Internal assessment mark contribute as eligibility criteria to appear in final examination.
(Annexure – II)
- g) **Method / pattern of examination of internal examinations conducted during the course of training / study (to be clearly stated):**
as per MUHS guidelines. Theory & Practical
- h) Have the Internal assessment marks influenced the final examination?
- **Internal assessment marks decide the eligibility of the candidate to appear for the university examination.**

II. PRACTICAL / CLINICAL EXAMINATION:

PRACTICAL

- a) **Conduct of the practical examination (provide details including OSPE).**
- As per MUHS guidelines.
(Annexure III)
- b) **Does the practical examination broadly cover the discipline?**
- Yes
- c) **Time allotted for different sections of the examination (Provide details).**
Q. A. Instruments/Appliances/Equipments/Glassware – 30 Mins.
Q. B. OSPE(Clinical Biochemistry), QC, Urstickts – 60 Mins.
Q. C. Interpretation of Metabolism and Inborn Errors of Metabolism – 60 Mins.
Q. D. Nutrition and Special Technique – 30 min

d) Details of examiners: (please attach brief CV of the examiners). (Annexure IV)

Note: Provide this information in a sealed envelope marked confidential).

PANEL 1 (15 -17 OCTOBER 2025)		
Name and Qualification	Designation	Years of Experience as UG Teacher / Examiner
Mr. Vinayak V. Aghav	Assistant Professor Exam Chairman	29 years
Dr. Mahendra Kamble	Associate. Professor Internal Examiner	13 years
Dr. Narayan P. Suryawanshi	Professor & Head External Examiner 1	26 years
Dr. Nilima Dongre	Professor External Examiner 2	30 years
PANEL 2 (27 – 29 OCTOBER 2025)		
Dr. Mahendra Kamble	Associate. Professor Exam Chairman	13 years
Mr. Vinayak V. Aghav	Assistant Professor Internal Examiner	29 years
Dr. Nilima Dongre	Professor External Examiner 1	30 years
Dr. Madhav Kadam	Associate Professor External Examiner 2	10 years
Dr. Narayan Narwade	Associate Professor Internal Examiner 2	13 years

e) **Mode of practical examination: In batches or otherwise and number of students per day (Provide details)**

- As per MUHS norms in Batches

(Annexure – V)

Batch B:- 15/10/2025 – 26 students

Batch C:- 16/10/2025 – 26 students

Batch A :- 17/10/2025 – 26 students

Batch E :- 27/10/2025 – 25 students

Batch F :- 28/10/2025 – 21+2 students

Batch D : - 29/10/2025 – 26 students

• **Are there other examination centers in the same University:** Yes

All the Medical Colleges affiliated to MUHS Nashik.

- i) Date and time when the examination was inspected by the assessors

Date;-15/10/2025, Time:- 9.00 am onwards

Date;-16/10/2025, Time:- 9.00 am onwards

Date;-17/10/2025, Time:- 9.00 am onwards

Date;-27/10/2025, Time:- 9.00 am onwards

Date;-28/10/2025, Time:- 9.00 am onwards

Date;-29/10/2025, Time:- 9.00 am onwards

- j) Are the invigilation arrangements satisfactory? **YES**

- k) No. of candidates appeared.

Regular 150 + Repeater 2 = Total 152

Number and type of practical exercises allotted to candidates (enclose copy of questions/tasks)
(Annexure III)

Q. A. Instruments/Appliances/Equipments/Glassware,

Q. B. OSPE(Clinical Biochemistry), QC, Uristicks Que.

Q. C. Interpretation of Metabolism and Inborn Errors of Metabolism

Q. D. Nutrition and Special Technique

The standard displayed (On a scale of 10 where 0 = Very poor and 10 = Outstanding)

8

- l) Minimum marks required for passing:
50 % (Theory + Practical) According to NMC & MUHS

PRACTICAL

1. **Que. A Instruments/Appliances/Equipments/Glassware,**

Que. B OSPE(Clinical Biochemistry), QC, Uristicks.

2. How many exercise were given to each candidate – 01 each of Q.A, Q. B, Q.C
and Q.D

3. Type of exercise given (attach list) **(Annexure III)**

4. Average time for each Candidate.

A. Instruments/Appliances/Equipments/Glassware – 30 Mins.

Q. B. OSPE(Clinical Biochemistry), QC, Uristicks – 60 Mins.

Q. C. Interpretation of Metabolism and Inborn Errors of Metabolism – 60 Mins.

Q. D. Nutrition and Special Technique – 30 min

5. How was the assessment done? Oral & written

As per MUHS guidelines

6. Standard displayed by candidates in general in the clinical part of the examination.(On a scale of 10 where 0 = Very poor and 10 = Outstanding) –

8

7. Nature of Discussion of case by the candidate – level of difficulty of questions (On a scale of 10 where 0 = Very easy and 10 = very difficult) - 7

a. Number & type of questions (a copy of the question asked by the examiners may be attached) MUHS Syllabus, (Annexure IX)

b. Have all the candidates been uniformly examined and grades or marks awarded as per merit of the question? YES

c. Was the discussion fair, searching and sufficient for the assessment of practical knowledge and skills? YES

d. Was the atmosphere friendly and allowed the candidates to express themselves freely? YES

e. Were supplementary questions asked by the examiners to gauge the depth of knowledge of the candidates? YES

8. Was the assessment done jointly by more than one Examiner? YES

9. How many marks are allotted for clinical Case? 10 Marks

10. What is the minimum percentage for passing the clinical part? NA

11. Are marks obtained in regular internal examinations added on to the marks obtained in the final clinical examination?

NO, But the internal marks included final mark sheet as separate head.

12. Were any other marks from their course of training, or clinical works done in the wards added to the marks obtained in the final clinical examination? NO

13. If so, to what extent (in percentage of marks)? NA

14. Has it influenced the result at the final examination? NO

VIVA-VOICE

1. The content of the interaction (Give extent of coverage of subject)

Mostly clinical topics of the subject were covered.

2. How was it conducted (provide details)?

By Two examiners at a time.

Cabin 1 Mr. Vinayak V Aghav & Dr. Nilima Dongre

Cabin 2 Dr. Mahendra Kamble & Dr. Narayan Suryawanshi

3. What was the standard? (On a scale of 10 where 0 = Very poor and 10 = Outstanding).

8

4. What was the nature of assessment?

Question & Answer type.

5. Was it done jointly by more than one examiner? YES

6. How are the marks obtained in different parts of the examination grouped?

(Annexure III)

7. What is the minimum for passing in each section and in the grand total?

Grand total 50 %

8. Results for the last three years.

Sr. No	Last Three Years Regular & Supplementary Batch	Result		Appeared Students		Passed Students	
		Regular	Supply	Regular	Supply	Regular	Supply
1	2021-22	82 %	83.33 %	146	30	121	25
2	2022-23	91.50 %	57.14%	153	14	140	8
3	2023 -2024	98.65%	66.66%	149	03	147	02

9. No. of students appeared? – As shown in the above table.

10.No. of students passed - As shown in the above table.

11. Other remarks if any.

Feedback forms of 15% students and examiners are enclosed as annexure.

Conclusions:

Was the standard sufficient for the M.B.B.S. examination as required by Regulations of the Medical Council of India/National Medical Commission? **YES**

Was the examination conducted satisfactorily to the assessor? **Satisfactory**

Observations of the assessors are to be made in assessment report only.

17/10/25
Dr. Narayan P Suryawanshi
Professor & Head
Government Medical
College, Bhandara.

Dr. Madhav S Kadam
Associate Professor
PMC & RP Hospital
Parbhani

Dr. Nilima N. Dongre
Professor
BLDEU Shri BM Patil
M.C. Hospital
Vijaypura.

Section B

Que2. Long Answer Questions

(1x12=12.00)

a.

Define diabetes mellitus. What are the clinical symptoms and diagnostic criteria for diabetes mellitus. Mention the complications of diabetes mellitus. (1+3+5+3)

Que3. Short Answer Questions

(5x4=20.00)

a.

Methotrexate is used as an anticancer drug

b.

Excessive alcohol consumption may lead to lactic acidosis

c.

Type and quantity of dietary fat is responsible for prevention of obesity and atherosclerosis.

d.

In competitive inhibition of enzymes, K_m increases and V_{max} remains same.

e.

Proteins have high specific dynamic action (SDA) as compared to carbohydrate and lipid

Que4. Short Answer Questions (Solve any 4 Out of 5) :-

(4x5=20.00)

a.

Describe structure of collagen. Add a note on Marfan syndrome

b.

A 4 year old boy was brought to the hospital with complaints of nausea, vomiting and abdominal pain. He also had typical symptoms of hypoglycaemia. It was told that child skipped his routine meals and ate sweets and fruits only. The mother informed the physicians that he had similar complaints in the past also whenever he consumed large quantities of fruits and cane sugar. The laboratory data showed that the child had a low blood glucose level (50mg/dl) but gave a positive test for fructose. (1+1.5+1.5+1)

i) What is the likely diagnosis?

ii) Name the deficient enzyme and the reaction catalyzed by that enzyme

iii) What is the biochemical basis of hypoglycaemia?

iv) Write the dietary precaution to be taken?

c.

Biochemistry-II

Time : 3 Hrs

Max. Marks : 80.00

Version :

Question Booklet Sr. No. :

Section B

Que2.Long Answer Questions

(1x12=12.00)

a.

Describe the formation and fate of Ammonia under the following headings:

i) Explain the terms transamination and deamination with suitable examples and their metabolic importance. (5 M)

ii) Explain the metabolic process of Urea cycle with diagrammatic representation (5 M)

iii) Enumerate the disorders of Urea cycle with their enzymatic defects (2 M)

Que3.Short Answer Questions

(5x4=20.00)

a.

What are bile pigments? (1 M) How are they formed? (1 M) Name the tests by which they are detected in blood and urine. (2 M)

b.

Explain why degeneracy of the genetic code reduces the number of mutations.

c.

Explain how the intracellular and extracellular blood buffers help in the maintenance of Blood PH.

d.

Which proteins are required for absorption and transport of Iron in the body? Why it is called as "one way substance"?

e.

Why deficiency of Vitamin C in the body leads to Scurvy symptoms like bleeding spongy gums and loosening of teeth?

Que4.Short Answer Questions(Solve any 4 Out of 5) :-

(4x5=20.00)

a.

Discuss professional qualities of a physician required to work in healthcare setups.

b.

A child presents with Pellagra like dermatitis, ataxia and mood swings. Urine analysis reveals high levels of neutral amino acids.

i) What is the probable diagnosis? (2 M)

ii) Which transport system is defective? (1 M)

iii) Why does this condition resemble niacin deficiency? (1 M)

iv) Name two neurotransmitters derived from this amino acid (1 M)

c.

A 25-year old woman presents with recurrent episodes of severe abdominal pain and anxiety, especially after taking certain antibiotics. Her urine turns dark on standing. Investigations showed elevated ALA and porphobilinogen.

i) What is the most probable porphyria? (2 M)

ii) Explain the development of symptoms in the patient with biochemical perspective (3 M)

d.

A 65-year old chronic smoker presents with breathlessness and confusion. He had history of chronic bronchitis. On examination, the respiratory rate was 10/min with the use of accessory muscles. Arterial blood gas showed:

pH= 7.29

pCO₂= 65 mm Hg

HCO₃⁻= 30 mmols/L

i) What is the most likely disturbance and why? (1 M)

ii) What role does the hemoglobin play in buffering the carbonic acid in this scenario? (2 M)

iii) Explain the renal compensation mechanism in this patient. (2 M)

e.

A 14 year old boy presents with tremors, slurred speech and psychiatric disturbances. On examination of the eyes, brownish gold rings are seen at the periphery of cornea. His serum ceruloplasmin was found to be markedly reduced.

i) What is the probable diagnosis and the reason behind it? (2 M)

ii) Discuss the role of ceruloplasmin in Copper metabolism. (1 M)

iii) Explain the biochemical basis behind the development of the symptoms in the patient. (2 M)

Que5. Short Answer Questions (Solve any 4 out of 5)

(4x7=28.00)

a.

During the factory strike, the leader started a hunger strike. After 4 days he became very weak and on 5th day he was shifted to hospital on medical advice. Explain the metabolic changes that were occurring in his body with diagrammatic flowchart.

b.

What are Polyamines? (3 M) Discuss the functions of Polyamines. (4 M)

c.

Explain the recombinant DNA technology in details. (4 M) Give its application in various fields. (3 M)

d.

Name the renal clearance tests. (2 M) Give an account of creatinine clearance test with its calculation and significance. (5 M)

e.

Discuss different type of mutations with examples based on phenotypic expression.

Second PCT/Preliminary Exam/University Exam

There will be four practical exam stations. Students will be assessed by an examiner at each station. It is compulsory for the students to appear at each station.

Biochemistry					
	A Use of Laboratory Instruments And Appliances, / Biomedical waste management in Biochemistry	B Clinical Biochemistry (OSPE) Quality Control, Sample Collection / Use of Uristicks, Glucometer	C Metabolism and Inborn Errors of Metabolism	D Nutrition / Special Techniques in Biochemistry(Electrophoresis /Chromatography/ELISA/PCR)	E Total
Max marks	20	30	30	20	100
Seat No					
1					
2					

For example -

Station A :- 1. Identify and give the use of Instrument/appliance/glassware/

2. You have been provided with a type of biomedical waste, dispose it in appropriate waste bag.

Station B :- 1. Take the optical density of the processed glucose sample, calculate and interpret the Result. (Optical density of Standerd and formula for calculation will be provided.)

2. You have been provided with a urine sample. Analyse and interprete it with use of uristicks. (Single or multiple analytes)

Station C:- 1. A case scenario of IEM with diagnosis will be provided to student. The questions will be like identify the defect, lab method used for diagnosis etc.

Station D: - 1. Identify from given items the food substances which contains essential amino acids/EFA/MUFA/PUFA/Trans Fat etc.

2. calculate the energy content of the given food item.

Note-

1. Questions at stations described above are only sample prototypes and not exhaustive list of questions for heads.
2. As per the need questions can be added, structured and modified.

Sub.: Regarding Conduct of University Practical Examinations and Assessment of Theory Papers.

Sir/Madam,

1. I am directed to inform you that Board of Examinations is pleased to appoint you as an 'Convenor/Examiner'. The details of your assignments are given in Appendix-A mentioned below. Please keep your appointment strictly confidential and address all the correspondence in connection to the Controller of Examinations.
2. This appointment is issued subject to the assumptions mentioned below:-
 - o That none of you has any relation of the following type appearing in the class and faculty for which your appointment is made, at this examination of the University:-
wife, husband, son, daughter, grand-son, grand-daughter, brother, sister, nephew, niece, uncle, grand-nephew, grand-niece, aunt, first cousin, son-in-law, daughter-in-law, brother-in-law and sister-in-law.
(N.B. - Son, daughter, brother or sister will be understood to include also step-son, step-daughter, step-brother or step-sister as the case may be.)
 - o That none of you is debarred from examination work by the parent or any other University.
 - o That you are not a member of Board of Examinations.
 - o That you are not undergoing Post Graduate examination of this University.
3. You are required to be in touch with the Principal and the Convenor for further details. Kindly specify your acceptance or non-acceptance online or by email to email id and telephone numbers to this office with a copy to the Convenor.
4. Kindly also note that during the period of Practical Examination, you will be given a job of assessment of Theory Answerbooks and you will not be permitted to leave the Exam Centre without completion of the said task. Valuation of Theory manuscripts is compulsory if allotted.
5. **Sr. External Examiner should be held responsible for checking IA marks of concerned subject as per norms of respective central council / commission.**
6. Your reply should reach the University within 7 days from the receipt of the appointment by SMS/Email/etc.; otherwise it will be treated as your non-acceptance for the same.
7. Please note that the University examination work is mandatory as per the provisions of Section-63(g) of the MUHS Act 1998. If it is refused without substantial ground, disciplinary action shall be initiated.
8. Please intimate this office, if you are holding any other appointment of the University, other than this appointment.
9. Your kind cooperation in smooth functioning of the examination is solicited.

Feed Back Form- For Students

1. Nature of the question included MCQs/SAQs/Structured Essay type/Long Answer.
 Yes No

2. Type of questions were
 - a) Recall Based Yes/No
 - b) Application Based Yes/No
 - c) Problem Based Yes/No

3. Standard of questions - Level of difficulty
 Easy Moderate Difficult

4. Does the examination broadly cover the prescribed curriculum?
 Yes No

5. Time allotted for different section of the examination were sufficient?
 Yes No

6. No. of exercises / cases were adequate.
 Yes No

7. All the candidates were uniformly examined.
 Yes No

8. Was the atmosphere friendly and allowed candidate to express themselves freely?
 Yes No

9. Were supplementary question asked by the examiners appropriate to gauge the depth of knowledge of the candidate?
 Yes No

10. Was the assessment done jointly by more than one examiner?

Yes

No

11. Rate the content of the interaction while Viva-Voce:
(On a scale of 10 where 0= very poor and 10=Outstanding)

9

12. The standard of the University theory/Practical Examination Displayed:
(On a scale of 10 where 0= very poor and 10=Outstanding)

10

13. Rate the conduction of the University Examination:
(On a scale of 10 where 0= very poor and 10=Outstanding)
